Move up to World Class Business Communication

Email – the Business Pulse

Worldwide accessibility to corporate email is compulsory for today's business. Not only is it the primary means of business communication, but emails often operate as a tangible record of agreements, sensitive correspondence, client and supplier information. It's truly the pulse of the organisation.

Doubt this? Try to run your business without email for one week and see how well you fare.

Make the switch to Hosted Exchange

Hosted Exchange works seamlessly with both desktop and mobile business users. Get Business Grade email, shared contacts, Lync chat and Conferencing....and so much more. Make the move today.

Simplicity – Hosted Exchange is easy to set up and requires very little administration by your IT team. Migration is painless and performed free by our expert on-boarding team. We transfer all of your current email data quickly and securely.

You are on the go – with hosted Exchange you get anywhere access with robust mobility features so you can work from any location. So whether in or out of office you can access your email, contacts and calendar.

Improve employee Productivity – know who's available and who is not with the presence feature integrated with Outlook and Lync Instant Messenger and easily schedule meetings with shared calendaring. It's likely your sales teams are on the road. Give them more ways to do work from anywhere – keeping your sales pipeline growing.

LEVEL UP

Move TO THE CLOUD WITH HOSTED EXCHANGE!

Take your email – and your business – to the next level.

Our Hosted Exchange service, gives businesses the kind of reliability enjoyed by the biggest Fortune 500 companies and is available to you for a fraction of the cost...thanks to Info Exchange's Business Cloud!

IT'S AFFORDABLE.

Partner with Info Exchange to virtually eliminate your upfront investment in expensive hardware and software. For a fixed low monthly fee we take care of software & server upgrades, maintenance & management - so you'll have more time to focus on your core business.

TOTAL CONTROL AT YOUR FINGERTIPS

With Info Exchange's simple online control panel, email management and control are well within your reach. Now you can add, delete or change passwords & mailbox options as your employees come and go. It's so simple...anyone can do it.

KEEP IT LOCKED

Guard your company data. Add another layer of protection on your email by adding **Email Encryption** on top of our standard **Spam and Virus Protection**. Plus with a Data Loss Protection Add-on, you can filter sensitive information by controlling the type of content that your employees can send and receive by mail

GO LARGE

Mailbox full? Never again with Info Exchange's unlimited storage. Send and receive messages up to 50 MB, including attachments. You'll never have to worry about limited mailbox quotas or attachment size again. Your inbox is always open!

GUARANTEED UPTIME

When email goes down, business slows down. We'll keep you connected, with guaranteed uptime, regular scheduled backups to help you achieve the right outcomes. You won't miss a beat, even if critical email is accidentally or maliciously deleted.

TEAMWORK MAKES THE DREAM WORK!

Simplify your workflow by using global shared settings. Share contacts & calendars. Collaborate across the office, across the island, or across the world – using any device and on all popular platforms. Mobile technology makes it all possible.

IT'S WORRY-FREE.

We're the experts at managing and fine-tuning your IT systems. Info Exchange provides the critical local IT support you need so you can maximise your business performance. Find new freedom, explore new horizons – with Info Exchange.

So move up to Hosted Exchange 2013...you can afford it!
