ITRaaS™:
Resilience Beyond Disaster Recovery

Continuous Availability |

Near-Zero Downtime |

Workload Mobility |

100% Protection |

Info Exchange's **ITRaaS™** solution offers **Disaster Recovery**, **Backup** and **Cloud Mobility** in an all-in-one secure and scalable platform.

Consider a world where the customer experience is truly 24/7 with system disruptions measured in seconds; a world where workload mobility works efficiently, and you get to choose where and how your applications and data are stored.

Our **ITRaaS™** replicates virtual machines at the hypervisor level from your data centre to Info Exchange's IT Resilience Platform.

We operate a comprehensive and proven methodology, partnering with some of the best security operations and replication providers.

Join with our experts to design and implement an

ITRaaS™:
Features You Can Count On

Low Opex. Zero Capex.

This invisible infrastructure just works. There's no need to put pressure on the budget for new equipment or specialised training.
Near instantaneous Recovery Time Objective (RTO) that can be further tailored by tiering workloads

Continuous replication technology enables recovery points(RPO) measured in seconds, so very little data is lost

Accelerate user access with Virtual DR Seats.

Accelerate Recovery TIme

Enjoy Workload Mobility

Access your applications from anywhere, on premise, in the cloud or somewhere else.

Easily move applications and workloads while keeping them fully protected, enabling you to safely and seamlessly extend your data centres to the cloud.

For data residency, you are free to choose an environment that's most suitable to you, legally and operationally. You control where your applications reside within Jamaica or internationally.

Relax With Worry Free IT

This turnkey IT Resilience-as-a-service solution guarantees continuous data protection and near zero data loss or downtime.

ITRaaS© manages complex systems simply and easily. It's mobile friendly interface allows you to conduct fail overs at the press of a button. Plus, with real time visibility and on-demand non-disruptive testing, you can do your checks at your convenience Stay on top of your game. It's time to work with a team with a proven track record of world class solutions.

ITRaaS™: Features You Can Count On
